

AMENDMENTS TO THE SPECIFICATION

Please amend paragraph [0024] as indicated:

--Figure 13 is a screen shot illustrating an example systems options screen that can be displayed by the system of figure 4 when implementing the method of figure 1; and

Please add the following paragraph after paragraph [0025]:

--Figures 15-17 are diagrams illustrating side views of a golf club head with configurable weights in accordance with one embodiment; and--

Please add the following paragraph before paragraph [0026] and after the previously added paragraph:

--Figure 18 is diagrams illustrating an example quick disconnect system in accordance with one embodiment--:

Please add the following paragraph after paragraph [0099]:

--Figures 15-17 are diagrams illustrating golf club heads that include configurable weights in accordance with one embodiment. Such golf club heads can be used in the processes described above. Figure 18 is a diagram illustrating a quick disconnect system in accordance with one embodiment. Such a system can be used in the processes described above. Figures 15-18 are reproductions of figures 5-8 from parent U.S. Patent Application 10/053,797, which is incorporated herein by reference above.—
